#### **ACCESS TO SENSITIVE INFORMATION**

[A-E, CIS, CREI, CT, FPC, FP-NR&D, FP-R&D, LH-T&M, REL, RSA, T&MC – 10/10] [NFS 1852.237-72 6/05]

(a) As used in this clause, "sensitive information" refers to:

- (1) Information that a contractor has developed and marked as proprietary, confidential, or with a limited or restricted rights notice, or that the Government has generated that qualifies for an exception to the Freedom of Information Act, which is not currently in the public domain, and which may embody trade secrets or commercial or financial information, and which may be sensitive or privileged;
- (2) Information that is marked JPL/Caltech Proprietary, Proposal Sensitive or Business Discreet;
- (3) Design information or guidance as may be embodied in or derived from computer-aided engineering, computer-aided design, analysis models, manufacturing models, drawings or translations of any of the foregoing, regardless of whether such information or guidance is marked or unmarked; or
- (4) Information obtained directly from JPL electronic resources, such as JPL computers, servers, networks, electronic libraries or document repositories, regardless of whether such information is marked or unmarked.

(b) If performing this subcontract entails access to sensitive information, as defined above, the Subcontractor agrees to:

- (1) Utilize any sensitive information coming into its possession only for the purposes of performing the services specified in this subcontract, and not to improve its own competitive position in another procurement nor for any other purpose.
- (2) Safeguard sensitive information coming into its possession from unauthorized use and disclosure using the same standard of care as the Subcontractor uses to protect its own confidential information, but under no circumstances less than a reasonable standard of care.
- (3) Maintain any restrictive markings on sensitive information coming into its possession and on any copies thereof.
- (4) Allow access to sensitive information only to those employees that need it to perform services under this subcontract.
- (5) Preclude access and disclosure of sensitive information to persons and entities outside of the Subcontractor's organization.
- (6) Train employees who may require access to sensitive information about their obligations to utilize it only to perform the services specified in this subcontract and to safeguard it from unauthorized use and disclosure.
- (7) Obtain a written affirmation from each employee that he/she has received and will comply with training on the authorized uses and mandatory protections of sensitive information needed in performing this subcontract.
- (8) Administer a monitoring process to ensure that employees comply with all reasonable security procedures, immediately report any breaches to the JPL Subcontracts Manager, and implement any necessary corrective actions.
- (9) Return to JPL or destroy all sensitive information, and copies thereof, no later than the effective date of the termination or expiration of this subcontract. Within thirty days of that effective date, the Subcontractor shall confirm in writing to JPL that all sensitive information received during the course of this subcontract has been returned or destroyed.

(c) The Subcontractor will comply with all procedures and obligations specified in any Organizational Conflicts of Interest Avoidance Plan incorporated into this subcontract.

(d) The nature of the work on this subcontract may subject the Subcontractor and its employees to a variety of laws and regulations relating to ethics, conflicts of interest, corruption, and other criminal or civil matters relating to the award and administration of government contracts. Recognizing that this subcontract establishes a high standard of accountability and trust, JPL will carefully review the Subcontractor's performance in relation to the mandates and restrictions found in these laws and regulations. Unauthorized uses or disclosures of sensitive information may result in termination of this subcontract for default, in addition to any other rights and remedies available by law to the Government, JPL or other provider of sensitive information.

(e) The Subcontractor shall not be liable for the use or disclosure of sensitive information that the Subcontractor can demonstrate is: (1) in the public domain other than by a breach of this clause by the Subcontractor; (2) received by the Subcontractor from a third party without any obligation of confidentiality; (3) known to the Subcontractor without any limitation on use or disclosure prior to its receipt from JPL under this subcontract; (4) independently developed by the employees of the Subcontractor as evidenced by written documentation; or (5) generally made available to third parties by the originator of the sensitive information without restriction on disclosure.

(f) Unless otherwise specifically provided in this subcontract, no warranty, express or implied, including without limitation any warranty of accuracy, utility, merchantability or of fitness for a particular purpose, is provided hereunder for any of the disclosed sensitive information.

(g) The Subcontractor's obligations under this clause shall survive the expiration or termination of this Subcontract.

(h) Notwithstanding paragraph (b)(5), the Subcontractor may submit a written request to the JPL Subcontracts Manager for authorization to disclose sensitive information to its lower-tier subcontractors. If JPL authorizes the disclosure, the Subcontractor before making any such disclosure must include the substance of this clause, suitably modified to reflect the relationship of the parties, in any lower-tier subcontract that will involve access to sensitive information. The Subcontractor shall also require an acknowledgement in any such lower-tier subcontract that: (1) the corresponding clause is being included for the benefit of JPL as a third-party beneficiary, and (2) in addition to any other rights it may have, JPL is intended to have a right of direct action against the lower-tier subcontractor, or any other person to whom that subcontractor has released or disclosed that sensitive information, to seek damages for any breach and/or to seek enforcement of that clause in the lower-tier subcontract.

The Subcontractor understands that the work performed under this Subcontract may be in support of "Protected Space Operations" as defined in the three paragraphs (b)(5) under Part A, Part B, and Part C below, and therefore agrees to all three cross-waiver provisions set forth below. The Subcontractor shall incorporate this Article into Lower-tier Subcontracts that are for \$100,000 or more.

#### Part A. CROSS-WAIVER OF LIABILITY FOR SPACE SHUTTLE SERVICES

- (a) As prescribed by regulation (14 C.F.R. Part 1266), NASA agreements involving Space Shuttle services are required to contain broad cross-waivers of liability among the parties and the parties' related entities to encourage participation in space exploration, use, and investment. The purpose of this provision is to extend this cross-waiver requirement to Subcontractors and related entities under their Subcontracts. This cross-waiver of liability shall be broadly construed to achieve the objective of encouraging participation in space activities.
- (b) As used in this provision, the term:
  - (1) "Subcontractors" and "Lower-tier Subcontractors" include suppliers of any kind.
  - (2) "Damage" means:
    - (A) Bodily injury to, or other impairment of health of, or death of, any person;
    - (B) Damage to, loss of, or loss of use of any property;

  - (4) "Payload" means any property to be flown or used on or in the Space Shuttle; and
  - (5) "Protected Space Operations" means all Space Shuttle and payload activities on Earth, in outer space, or in transit between Earth and outer space performed in furtherance of an agreement involving Space Shuttle services or performed under this Subcontract. "Protected Space Operations" excludes activities on Earth which are conducted on return from space to develop further a payload's product or process except when such development is for Space Shuttle-related activities necessary to implement an agreement involving Space Shuttle services or to perform this Subcontract. It includes, but is not limited to:
    - (A) Research, design, development, test, manufacture, assembly, integration, operation, or use of the Space Shuttle, transfer vehicles, payloads, related support equipment, and facilities and services;
    - (B) All activities related to ground support, test, training, simulation, or guidance and control equipment and related facilities or services.
  - (6) "Related entity" means:

  - (1) The Subcontractor agrees to a waiver of liability pursuant to which the Subcontractor waives all claims against any of the entities or persons listed in paragraphs (c)(1)(A) through (c)(1)(C) of this provision based on damage arising out of Protected Space Operations. This waiver shall apply only if the person, entity, or property causing the damage is involved in Protected Space Operations and the person, entity, or property damaged is damaged by virtue of its involvement in Protected Space Operations. The waiver shall apply to any claims for damage, whatever the legal basis for such claims, including but not limited to delict (a term used in civil law countries to denote a class of cases similar to tort) and tort (including negligence of every degree and kind) and Subcontract, against:
    - (A) Any party other than the Government;
    - (B) A related entity of any party other than the Government; and

- (C) The employees of any of the entities identified in (c)(1)(A) and (c)(1)(B) above.

- (a) As prescribed by regulation (14 C.F.R. Part 1266), NASA agreements involving ELV launches are required to contain broad cross-waivers of liability among the parties and the parties' related entities to encourage participation in space exploration, use, and investment. The purpose of this provision is to extend this cross-waiver requirement to Subcontractors and Lower-tier Subcontractors as related entities of NASA. [T&MC, LH/T&M – 09/04] [FAR 52.246-6 – 05/01]

(a) Definitions.

- (1) "Subcontractor's managerial personnel," as used in this Article, means any of the Subcontractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of:
  - (A) All or substantially all of the Subcontractor's business;
  - (B) All or substantially all of the Subcontractor's operation at any one plant or separate location at which the Subcontract is being performed; or
  - (C) A separate and complete major industrial operation connected with the performance of this Subcontract.
- (2) "Materials," as used in this Article, includes data when the Subcontract does not include the Warranty of Data clause.

- (b) The Subcontractor shall provide and maintain an inspection system acceptable to JPL covering the material, fabricating methods, work, and services under this Subcontract. Complete records of all inspection work performed by the Subcontractor shall be maintained and made available to JPL during Subcontract performance and for as long afterwards as the Subcontract requires.
- (c) JPL has the right to inspect and test all materials furnished and services performed under this Subcontract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. JPL, through any authorized representative, may also inspect the plant or plants of the Subcontractor or any Lower-tier Subcontractor engaged in Subcontract performance. JPL shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If JPL performs inspection or test on the premises of the Subcontractor or a Lower-tier Subcontractor, the Subcontractor shall furnish and shall require Lower-tier Subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.
- (e) Unless otherwise specified in the Subcontract, JPL shall accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they shall be presumed accepted 60 days after the date of delivery, unless accepted earlier.
- (f) At any time during Subcontract performance, but not later than six months (or such other time as may be specified in the Schedule) after acceptance of the services or materials last delivered under this Subcontract, JPL may require the Subcontractor to replace or correct services or materials that at time of delivery failed to meet Subcontract requirements. Except as otherwise specified in paragraph (h) below, the cost of replacement or correction shall be determined under the "Timekeeping and Payments" Article of this Subcontract, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. The Subcontractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.
- (g) If the Subcontractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or ceiling price as increased by JPL), JPL may:
  - (1) By Subcontract or otherwise, perform the replacement or correction, charge to the Subcontractor any increased cost, or deduct such increased cost from any amounts paid or due under this Subcontract (or require repayment of any payments theretofore made); or
  - (2) Terminate this Subcontract for default.

- (h) Notwithstanding paragraphs (f) and (g) above, JPL may at any time require the Subcontractor to remedy by correction or replacement, without cost to the Institute, any failure by the Subcontractor to comply with the requirements of this Subcontract, if the failure is due to (i) fraud, lack of good faith, or willful misconduct on the part of the Subcontractor's managerial personnel or (ii) the conduct of one or more of the Subcontractor's employees selected or retained by the Subcontractor after any of the Subcontractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.
- (i) This Article applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this Subcontract.
- (j) The Subcontractor has no obligation or liability under this Subcontract to correct or replace materials and services that at time of delivery do not meet Subcontract requirements, except as provided in this Article or as may be otherwise specified in the Subcontract.
- (k) Unless otherwise specified in the Schedule, the Subcontractor's obligation to correct or replace Government-furnished property shall be governed by the Article entitled "Government Property."
- (l) If this Subcontract, including those documents forming a part hereof by reference or incorporation, provides for or requires the submission of any of the work to JPL for approval, any such approval given by JPL, prior to final acceptance, shall not relieve the Subcontractor of its responsibility for complying with the specifications and other provisions of this Subcontract. Any such approval shall not be construed as an assumption by JPL of the responsibility that such work complies or will comply with the specifications or other provisions of this Subcontract.

#### **INSURANCE AND INDEMNIFICATION**

[FP-NR&D, FP-R&D, CIS, LH/T&M, T&MC – 09/04.] [FAR 52.228-5 - 01/97]

  - (1) Workers' Compensation and Employer's Liability Insurance, as required by applicable Federal and state workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the Employer's Liability section of the insurance policy, except when Subcontract operations are so commingled with the Subcontractor's commercial operations that it would not be practical. The Employer's Liability coverage shall be at least \$100,000, except in states with exclusive or monopolistic funds that do not permit worker's compensation to be written by private carriers. However, the Subcontractor in fulfillment of its obligation to provide Workers' Compensation Insurance may maintain a self-insurance program if the Subcontractor is qualified pursuant to statutory authority to do so.
  - (2) Comprehensive Liability Insurance, including automobiles (owned, non-owned, or leased), completed operations, products, and contractual liability, for a combined single limit of not less than \$1,000,000 for all deaths, injuries, and property damage arising from one accident or occurrence.

insured endorsement naming the Institute as an additional insured to the Subcontract for the coverage specified in paragraph (b)(2) above. Such certificates and the endorsement shall provide that any cancellation or material change in the insurance policies shall not be effective (i) for such period as the laws of the State in which this Subcontract is to be performed prescribe, or (ii) until 30 days after the insurer or the Subcontractor gives written notice to JPL, whichever period is longer. Also, such certificates and the endorsement shall (i) cover contractual liability assumed under this Subcontract, and (ii) be primary and non-contributing to any insurance procured by the Institute. The Subcontractor agrees to permit the Institute to examine its original policies, should the Institute so request. Should the Subcontractor at any time neglect or refuse to provide the insurance required herein, or should such insurance be canceled, the Institute shall have the right to procure same and the costs thereof shall be deducted from monies then due or thereafter to become due to the Subcontractor.

- (d) Indemnification. The Subcontractor agrees that it will be responsible to the Government and the Institute for, and will indemnify and hold harmless the Government and the Institute, its trustees, officers, and employees, from any loss, cost, damage, expense or liability, attorney's fees, or any suit therefore, by reason of actual or alleged property damage or personal injury of whatsoever kind or character, arising out of or in connection with the performance of work hereunder by the Subcontractor or any of its Lower-tier Subcontractors, howsoever the same may be caused, including any of the same resulting from alleged or actual negligent act or omission, regardless of whether such act or omission is active or passive, but excepting only such loss, cost, damage, expense or liability attributable to the negligence or willful misconduct of the Government or of the Institute, its trustees, officers or employees.
- (e) Lower-tier Subcontracts.
- (1) The Subcontractor shall insert the substance of this Article, including this paragraph (e), in Lower-tier Subcontracts under this Subcontract if:
- (A) The performance of the Lower-tier Subcontract includes activities which could endanger non-Lower-tier Subcontractor personnel and such activities are performed at a location which is not secured by appropriate Lower-tier Subcontractor-controlled access restrictions; or
- (B) This Lower-tier Subcontract requires work on a Government installation or premises under the control of the Institute, unless:
- (i) Only a small amount of work is required on the Government installation or Institute-controlled premises; or
- (ii) All such work is to be performed outside the United States, its possessions, or Puerto Rico, modified as necessary to correctly identify the parties.
- (2) At least five days before entry of each such Lower-tier Subcontractor's personnel on the Government installation or Institute-controlled premises, the Subcontractor shall furnish (or ensure that there has been furnished) to JPL a current certificate of insurance meeting the requirements of paragraph (c) above, for each such Lower-tier Subcontractor.

#### **INTEGRITY OF UNIT PRICES**

[CT, FP-NR&D, FP-R&D, T&MC, LH/T&M, CREI – 09/04] [FAR 52.215-14 – 10/97]

- (b) To the extent that it applies to Lower-tier Subcontractors, the Subcontractor will implement NASA Policy Guideline (NPG) 1490.5A, Procedural Guidance for Printing, Duplicating and Copying Management, for all printing, duplicating, copying, forms, and mail management related to the performance of this Subcontract.

Copyright.

(1) Data First Produced in the Performance of This Subcontract.

- (A) Unless provided otherwise in paragraph (d) of this Article, the Subcontractor may establish, without prior approval of JPL, claim to copyright subsisting in scientific and technical articles based on or containing data first produced in the performance of this Subcontract and published in academic, technical or professional journals, symposia proceedings or similar works. The prior, express written permission of JPL is required to establish claim to copyright subsisting in all other data first produced in the performance of this Subcontract.
- (B) When claim to copyright is made, the Subcontractor shall affix the applicable copyright or notices of 17 U.S.C. 401 or 402 and acknowledgment of Government sponsorship (including the JPL Subcontract number) to the data when such data are delivered to JPL, as well as when the data are published or deposited for registration as a published work in the U.S. Copyright Office. (Acknowledgment shall include a statement that "This work was performed for the Jet Propulsion Laboratory, California Institute of Technology, sponsored by the United States Government under a Prime contract between the California Institute of Technology and NASA.")
- (C) For data other than computer software, the Subcontractor grants to the Government, and in support and furtherance of its Government contract obligations, the Institute, any successor-in-interest of the Institute, or a successor Subcontractor to operate JPL, and others acting on their behalf, a paid-up, nonexclusive, irrevocable worldwide license in such copyrighted data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly by or on behalf of the Government.
- (D) For computer software, the Subcontractor grants to the Government, and in support and furtherance of its Government contract obligations, the Institute, any successor-in-interest of the Institute, or a successor Subcontractor to operate JPL, and others acting on their behalf, a paid-up, nonexclusive, irrevocable worldwide license in such copyrighted computer software to reproduce, prepare derivative works, and perform publicly and display publicly by or on behalf of the Government.

(2) Data Not First Produced in the Performance of This Subcontract. The Subcontractor shall not, without prior written permission of JPL, incorporate in data delivered under this Subcontract any data not first produced in the performance of this Subcontract and which contains the copyright notice of 17 U.S.C. 401 or 402, unless the Subcontractor identifies such data and grants to the Government, and in support and furtherance of its Government contract obligations, the Institute, or acquires on their behalf, a license of the same scope as set forth in subparagraph (c)(1) of this Article; provided, however, that if such data are computer software, the Subcontractor grants to the Government and in support and furtherance of its Government contract obligations, the Institute, or acquires on their behalf, a paid-up nonexclusive irrevocable worldwide license as set forth in subparagraph (g)(3) of this Article.

(3) Removal of Copyright Notices. JPL agrees not to remove any copyright notices placed on data pursuant to this paragraph (c), and to include such notices on all reproductions of the data.

(d) Release, Publication and Use of Data.

- (1) The Subcontractor shall have the right to use, release to others, reproduce, distribute, or publish any data other than computer software first produced or specifically used by the Subcontractor in the performance of this Subcontract, except to the extent such data may be subject to the Federal export control or national security laws or regulations, or unless otherwise provided in this paragraph of this Article or expressly set forth in this Subcontract.

- (2) The Subcontractor agrees that to the extent it receives or is given access to data necessary for the performance of this Subcontract that contain restrictive markings, the Subcontractor shall treat the data in accordance with such markings unless otherwise specifically authorized in writing by JPL.

- (3)

- (A) The Subcontractor agrees not to establish claim to copyright or publish or release to others any computer software first produced in the performance of this Subcontract without JPL's prior written permission.
- (B) If the Government desires to obtain copyright in computer software first produced in the performance of this Subcontract for which permission to copyright has not been granted to the Subcontractor as set forth in subdivision (d)(3)(A) of this Article, the Contracting Officer or the Institute may direct the Subcontractor to assert, or authorize the assertion of, claim to copyright in said data and to assign, or obtain the assignment of, such copyright to the Government or its designated assignee.
- (C) Whenever the word "establish" is used in this clause, with reference to a claim to copyright, it shall be construed to mean "assert."

(e) Unauthorized Marking of Data.

- (1) Notwithstanding any other provisions of this Subcontract concerning inspection or acceptance, if any data delivered under this Subcontract are marked with the notices specified in subparagraph (g)(2) or (g)(3) of this Article and use of such is not authorized by this Article, or if such data bears any other restrictive or limiting markings not authorized by this Subcontract, JPL may at any time either return the data to the Subcontractor, or cancel or ignore the markings. However, the following procedures shall apply prior to canceling or ignoring the markings:
  - (A) JPL shall make written inquiry to the Subcontractor affording the Subcontractor 30 days from receipt of the inquiry to provide written justification to substantiate the propriety of the markings;
  - (B) If the Subcontractor fails to respond or fails to provide written justification to substantiate the propriety of the markings within the 30-day period (or a longer time not exceeding 90 days approved in writing by the Contracting Officer through JPL for good cause shown), the Government or JPL shall have the right to cancel or ignore the markings at any time after said period and the data will no longer be made subject to any disclosure prohibitions.
  - (C) If the Subcontractor provides written justification to substantiate the propriety of the markings within the period set in subdivision (e)(1)(A) of this Article, the Contracting Officer through JPL shall consider such written justification and determine whether or not the markings are to be canceled or ignored. If the Contracting Officer through JPL determines that the markings are authorized, the Subcontractor shall be so notified in writing. If the Contracting Officer through JPL determines, with concurrence of NASA, that the markings are not authorized, the Contracting Officer through JPL shall furnish the Subcontractor a written determination, which determination shall become the final Government decision regarding the appropriateness of the markings unless the Subcontractor files suit in a court of competent jurisdiction within 90 days of receipt of the Contracting Officer's decision. The Government and JPL shall continue to abide by the markings under this subdivision (e)(1)(C) until final resolution of the matter either by the Contracting Officer's determination becoming final (in which instance the Government or JPL shall thereafter have the right to cancel or ignore the markings at any time and the data will no longer be made subject to any disclosure prohibitions), or by final disposition of the matter by court decision if suit is filed.
- (2) The time limits in the procedures set forth in subparagraph (e)(1) of this Article may be modified in accordance with NASA regulations implementing the Freedom of Information Act (5 U.S.C. 552) if necessary to respond to a request there under.
- (3) This paragraph (e) does not apply if this Subcontract is for a major system or for support of a major system by a civilian agency other than NASA and the U.S. Coast Guard agency subject to the provisions of Title III of the Federal Property and Administrative Services Act of 1949.
- (4) (Reserved)

(f) Omitted or Incorrect Markings.

- (1) Data delivered to the Government or JPL without either the limited rights or restricted rights notice as authorized by paragraph (g) of this Article, or the copyright notice required by paragraph (c) of this Article, shall be deemed to have been furnished with unlimited rights, and the Government and the Institute assume no liability for the disclosure, use, or reproduction of such data. However, to the extent the data has not been disclosed without restriction outside the Government or JPL, the Subcontractor may request, within six

  - (B) Demonstrates that the omission of the notice was inadvertent;
  - (C) Establishes that the use of the proposed notice is authorized; and
  - (D) Acknowledges that the Government and the Institute have no liability with respect to the disclosure, use, or reproduction of any such data made prior to the addition of the notice or resulting from the omission of the notice.
- (2) JPL may also:
- (A) Permit correction at the Subcontractor's expense of incorrect notices if the Subcontractor identifies the data on which correction of the notice is to be made, and demonstrates that the correct notice is authorized; or
  - (B) Correct any incorrect notices.

**(d) (g) Protection of Limited Rights Data and Restricted Computer Software.**

- (1) When data other than that listed in subdivisions (b)(1)(A), (B), and (C) of this Article are specified to be delivered under this Subcontract and qualify as either limited rights data or restricted computer software, if the Subcontractor desires to continue protection of such data, the Subcontractor shall withhold such data and not furnish them to JPL under this Subcontract. As a condition to this withholding, the Subcontractor shall identify the data being withheld and furnish form, fit, and function data in lieu thereof. Limited rights data that are formatted as a computer data base for delivery to JPL are to be treated as limited rights data and not restricted computer software.
- (2) Notwithstanding paragraph (g)(1) of this Article, the Subcontract may identify and specify the delivery of limited rights data, or JPL or the Contracting Officer may require by written request the delivery of limited rights data that has been withheld or would otherwise be withholdable. If delivery of such data is so required, the Subcontractor may affix the following "Limited Rights Notice" to the data and the Institute and the Government will thereafter treat the data, subject to the provisions of paragraphs (e) and (f) of this Article, in accordance with such Notice:

**LIMITED RIGHTS NOTICE**

- (a) These data are submitted with limited rights under JPL Subcontract No. \_\_\_\_\_. These data may be reproduced and used by the Institute or the Government with the express limitation that they will not, without written permission of the Subcontractor, be used for purposes of manufacture nor disclosed outside the Institute or the Government; except that the Institute or the Government may disclose these data outside the Institute or the Government for the following purposes, if any, provided that the Institute or the Government makes such disclosure subject to prohibition against further use and disclosure:

- (1) Use by support service Subcontractors.
- (2) (Reserved)

- (b) This Notice shall be marked on any reproduction of these data, in whole or in part.

(This Article is applicable if either the basic Subcontract or any modification exceeds \$650,000.)

(a) Subcontractor Cost or Pricing Data.

- (1) Whenever the negotiated price of the basic Subcontract, or the negotiated price of any change, or other modification to this Subcontract is expected to exceed \$650,000, the Subcontractor agrees to furnish the Institute certified cost or pricing data, unless a waiver applies or a determination is made that an exception applies (the price is based on adequate price competition, prices set by law or regulation, or the Subcontract is for a commercial item). Whenever certified cost or pricing data are required, the Subcontractor agrees to furnish the data in the format requested by JPL or if JPL does not so specify, per Table 15-2 of FAR 15.408 and agrees to submit the JPL certificate form JPL 2496 or equivalent as soon as practicable after agreement on price but before award.

(2) Exceptions to Cost or Pricing Data.

(A)

- (i) Basic Subcontracts. In lieu of submitting cost or pricing data for the basic Subcontract, offerors may submit a written request for exception by submitting the information described under paragraph (B), below.
- (ii) Subcontract Modifications. In lieu of submitting cost or pricing data for modifications under this Subcontract, for price adjustments expected to exceed \$650,000 on the date of the agreement on price or the date of the award, whichever is later, the Subcontractor may submit a written request for exception by submitting the information described under paragraph (B), below.

(iii) JPL may require additional supporting information, but only to the extent necessary to determine whether an exception should be granted, and whether the price is fair and reasonable.

(B) The relevant part of the following information is to be submitted when requesting an exception:

- (i) Identification of the law or regulation establishing the price offered. If the price is controlled under law by periodic rulings, reviews, or similar actions of a governmental body, attach a copy of the controlling document, unless it was previously submitted to the contracting office.
- (ii) For a commercial item exception, the offeror shall submit, at a minimum, information on prices at which the same item or similar items have previously been sold that is adequate for evaluating the reasonableness of the price for this acquisition. Such information may include:
  - a. For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.
  - b. For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.
  - c. For items included on an active Federal Supply Service Multiple Award Schedule or any other Federal Government contract, proof that an exception has been granted for the schedule item.
- (iii) Information on modifications of Subcontracts or Subcontracts for commercial items. If (i) the original Subcontract or Lower-tier Subcontract was granted an exception from cost or pricing data requirements because the price agreed upon was based on adequate price competition, or prices set by law or regulation, or was a Subcontract or Lower-tier Subcontract for a commercial item; and (ii) the modification (to the Subcontract or Lower-tier Subcontract) is not exempted based on one of these exceptions, then the Subcontractor may provide information to establish that the modification would not change the Subcontract or Lower-tier Subcontract from a Subcontract or Lower-tier Subcontract for the acquisition of a commercial item to a Subcontract or Lower-tier Subcontract for the acquisition of an item other than a commercial item.

(C) The Offeror/Subcontractor grants JPL or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision, and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Offeror's/Subcontractor's determination of the prices to be offered in the catalog or marketplace.

(b) Lower-tier Subcontractor Cost or Pricing Data.

- (1) Before awarding any Lower-tier Subcontract expected to exceed \$650,000 when entered into, or before pricing any Lower-tier Subcontract modification involving a pricing adjustment expected to exceed \$650,000, the Subcontractor shall require the Lower-tier Subcontractor to submit cost or pricing data (actually or by specific identification in writing), unless the Lower-tier Subcontract or modification is eligible for an exception listed in paragraph (a), above.
- (2) The requirement for obtaining certified cost or pricing data with respect to any Lower-tier Subcontract change or other modification does not apply to any Lower-tier Subcontract change or modification, at any tier, where this Subcontract is a firm fixed-price or firm fixed-price with escalation Subcontract unless such change or other modification results from a Subcontract change or other modification to this Subcontract, nor does it apply to a Lower-tier Subcontract change or other modification, at any tier, where this Subcontract is not firm fixed-price or firm fixed-price with escalation, unless the price for such change or modification becomes reimbursable under this Subcontract.
- (3) The Subcontractor shall require the Lower-tier Subcontractor to certify in substantially the form prescribed in FAR Part 15, and any corresponding implementing or supplementing provisions in the NFS, that, to the best

of its knowledge and belief, the data submitted under subparagraph (b)(1) above were accurate, complete, and current as of the date of agreement on the negotiated price of the Lower-tier Subcontract or Lower-tier Subcontract modification.

- (4) In each Lower-tier Subcontract that exceeds \$650,000 when entered into, the Subcontractor shall insert either:

- (A) The substance of this Article, including this paragraph (4), if paragraph (b)(1) above requires submission of cost or pricing data for the Lower-tier Subcontract; or
- (B) The substance of the clause at FAR 52.215-13, "Subcontractor Cost or Pricing Data - Modifications," including any corresponding implementing or supplementing provisions in the NFS.

(c) Price Reduction for Defective Cost or Pricing Data.

- (1) If any price, including profit or fee, negotiated in connection with this Subcontract, or any cost reimbursable under this Subcontract, was increased by any significant amount because (i) the Subcontractor or a Lower-tier Subcontractor furnished cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data, (ii) a Lower-tier Subcontractor or prospective Lower-tier Subcontractor furnished the Subcontractor cost or pricing data that were not complete, accurate, and current as certified in the Subcontractor's Certificate of Current Cost or Pricing Data, or (iii) any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the Subcontract shall be modified to reflect the reduction.
- (2) Any reduction in the Subcontract price under paragraph (1) above due to defective data from a prospective Lower-tier Subcontractor that was not subsequently awarded the Lower-tier Subcontract shall be limited to the amount, plus applicable overhead and profit markup, by which (i) the actual Lower-tier Subcontract or (ii) the actual cost to the Subcontractor, if there was no Lower-tier Subcontract, was less than the prospective Lower-tier Subcontract cost estimate submitted by the Subcontractor; provided, that the actual Lower-tier Subcontract price was not itself affected by defective cost or pricing data.

(3)

- (A) If the Contracting Officer determines under paragraph (1) of this Article that a price or cost reduction should be made, the Subcontractor agrees not to raise the following matters as a defense:
  - (i) The Subcontractor or Lower-tier Subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the Subcontract would not have been modified even if accurate, complete, and current cost or pricing data had been submitted.
  - (ii) The Institute should have known that the cost or pricing data in issue were defective even though the Subcontractor or Lower-tier Subcontractor took no affirmative action to bring the character of the data to the attention of JPL.
  - (iii) The Subcontract was based on an agreement about the total cost of the Subcontract and there was no agreement about the cost of each item procured under the Subcontract.
  - (iv) The Subcontractor or Lower-tier Subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(B)

- (i) Except as prohibited by subdivision (c)(3)(B)(ii) of this Article, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a Subcontract price reduction if:
  - a. The Subcontractor certifies to the Contracting Officer that, to the best of the Subcontractor's knowledge and belief, the Subcontractor is entitled to the offset in the amount requested; and
  - b. The Subcontractor proves that the cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data and that the data were not submitted before such date.
- (ii) An offset shall not be allowed if:

- a. The understated data were known by the Subcontractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data or
  - b. The Government proves that the facts demonstrate that the Subcontract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.
- (d) If any reduction in the Subcontract price under this Article reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Subcontractor shall be liable to and shall indemnify the Institute for costs incurred by the Institute involved in repayments to the Government resulting from the Subcontractor's defective pricing including:
- (1) Simple interest on the amount of such overpayment to be computed from the date(s) of overpayment to the Subcontractor to the date the Government is repaid by the Institute at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and
  - (2) A penalty equal to the amount of the overpayment, if the Subcontractor or Lower-tier Subcontractor knowingly submitted cost or pricing data which were incomplete, inaccurate, or noncurrent.

#### SUBCONTRACTOR EMPLOYMENT OF JPL EMPLOYEES' CHILDREN AND RELATIVES (SUBCONTRACTOR'S EMPLOYEES IN RESIDENCE AT JPL)

[CT, FP-NR&D, FP-R&D, T&MC, LH/T&M – 09/04]

(Work performed outside the United States is exempt from the requirements of this Article.)

- (a) When work under this Subcontract is to be performed at any JPL-controlled facility, the Subcontractor agrees to require applicants for such work, as part of the application process, to identify any relatives they know to be employed at JPL. The Subcontractor also agrees to notify the cognizant Subcontracts Manager prior to hiring an applicant who so identifies a relative. The Subcontractor agrees to abide by JPL's determination as to whether the applicant may be assigned to a particular JPL organization.
- (b) The term "relatives" means parents, stepparents, grandparents, sisters, brothers, spouse/same-sex-domestic-partner, children, stepchildren, grandchildren, aunts, uncles, nieces, nephews, legal wards, and spouse's parents, grandparents, sisters and brothers.

#### TECHNICAL DIRECTION

[FP-NR&D, LH/T&M, T&MC, FPC, A - E, FP-R&D, RSA – 09/04] [NFS 1852.242-70 – 09/93]

- (a) Performance of the work under this Subcontract is subject to the written technical direction of the Contract Technical Manager (CTM). "Technical direction" means a directive to the Subcontractor that approves approaches, solutions, designs, or refinements; fills in details or otherwise completes the general description of work or documentation items; shifts emphasis among work areas or tasks; or furnishes similar instruction to the Subcontractor. Technical direction includes requiring studies and pursuit of certain lines of inquiry regarding matters within the general tasks and requirements of this Subcontract.
- (b) The CTM does not have the authority to, and shall not, issue any instruction purporting to be technical direction that:
  - (1) Constitutes an assignment of additional work outside the statement of work;
  - (2) Constitutes a change as defined in the changes clause;
  - (3) Constitutes a basis for any increase or decrease in the total estimated Subcontract cost, the fixed fee (if any), or the time required for Subcontract performance;

(LH/T&M)

- (4) Changes any of the expressed terms, conditions, or specifications of the Subcontract; or
  - (5) Interferes with the Subcontractor's rights to perform the terms and conditions of the Subcontract.
- (c) All technical direction shall be issued in writing by the CTM.
- (d) The Subcontractor shall proceed promptly with the performance of technical direction duly issued by the CTM in the manner prescribed by this clause and within the CTM's authority. If, in the Subcontractor's opinion, any instruction or direction by the CTM falls within any of the categories defined in paragraph (b) of this clause, the Subcontractor shall not proceed but shall notify the JPL Subcontracts Manager in writing within 5 working days after receiving it and shall request the JPL Subcontracts Manager to take action as described in this clause. Upon receiving this notification, the Contracting Officer shall either issue an appropriate Subcontract modification within a reasonable time or advise the Subcontractor in writing within 30 days that the instruction or direction is--
- (1) Rescinded in its entirety; or
  - (2) Within the requirements of the Subcontract and does not constitute a change under the changes clause of the Subcontract, and that the Subcontractor should proceed promptly with its performance.
- (e) Any action(s) taken by the Subcontractor in response to any direction given by any person other than the JPL Subcontracts Manager or the CTM shall be at the Subcontractor's risk.

#### **TERMINATION – LABOR-HOUR/TIME-AND-MATERIAL**

[LHT&M, T&MC – 09/04] [FAR 52.249-6, ALT. IV – 09/96]

- (a) JPL may terminate performance of work under this Subcontract in whole or, from time to time, in part, if:
- (1) JPL determines that a termination is in the interest of the Institute or the Government.
  - (2) The Subcontractor defaults in performing this Subcontract and fails to cure the default within 10 days (unless extended by JPL) after receiving a JPL notice specifying the default. "Default" includes failure to make progress in the work so as to endanger performance.
- (b) JPL shall terminate by delivering to the Subcontractor a Notice of Termination specifying whether termination is for default of the Subcontractor or for convenience of the Institute or the Government, the extent of termination, and the effective date. If, after termination for default, it is determined that the Subcontractor was not in default or that the Subcontractor's failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the Subcontractor as set forth in the Article of this Subcontract entitled "Excusable Delays," the rights and obligations of the parties will be the same as if the termination was for the convenience of the Institute or the Government.
- (c) After receipt of a Notice of Termination, and except as directed by JPL, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this Article:
- (1) Stop work as specified in the notice.
  - (2) Place no further Lower-tier Subcontracts or orders (referred to as Lower-tier Subcontracts in this Article), except as necessary to complete the continued portion of the Subcontract.
  - (3) Terminate all Lower-tier Subcontracts to the extent they relate to the work terminated.
  - (4) Assign to JPL, in the manner and to the extent directed by JPL, all right, title, and interest of the Subcontractor under the Lower-tier Subcontracts terminated, in which case JPL shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
  - (5) With approval or ratification to the extent required by JPL, settle all outstanding liabilities and termination settlement proposals arising from the termination of Lower-tier Subcontracts, the cost of which would be reimbursable in whole or in part, under this Subcontract; approval or ratification will be final for purposes of this Article.
  - (6) Transfer title (if not already transferred) and, as directed by JPL, deliver to JPL (i) the fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated, (ii) the completed or partially completed plans, drawings, information, and other property that, if the Subcontract had been completed, would be required to be furnished to JPL, and (iii) the

jigs, dies, fixtures, and other special tools and tooling acquired or manufactured for this Subcontract, the cost of which the Subcontractor has been or will be reimbursed under this Subcontract.

- (7) Complete performance of the work not terminated.
  - (8) Take any action that may be necessary, or that JPL may direct, for the protection and preservation of the property related to this Subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest.
  - (9) Use its best efforts to sell, as directed or authorized by JPL, any property of the types referred to in subparagraph (6) above; provided, however, that the Subcontractor (i) is not required to extend credit to any purchaser and (ii) may acquire the property under the conditions prescribed by, and at prices approved by, JPL. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by the Institute under this Subcontract, credited to the price or cost of the work, or paid in any other manner directed by JPL.
- (d) The Subcontractor shall submit complete termination inventory schedules no later than 120 days from the effective date of termination, unless extended in writing by the CSubcontracting Officer upon written request of the Subcontractor within this 120-day period.
- (e) After expiration of the plant clearance period as defined in Subpart 45.6 of FAR and any corresponding implementing or supplementing provisions in the NFS, the Subcontractor may submit to JPL a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by JPL. The Subcontractor may request JPL to remove those items or enter into an agreement for their storage. Within 15 days, JPL will accept the items and remove them or enter into a storage agreement. JPL may verify the list upon removal of the items, or if stored, within 45 days from submission of the list, and shall correct the list, as necessary, before final settlement.
- (f) After termination, the Subcontractor shall submit a final termination settlement proposal to JPL in the form and with the certification prescribed by JPL. The Subcontractor shall submit the proposal promptly, but no later than six months from the effective date of termination, unless extended in writing by JPL upon written request of the Subcontractor within this six- month period. However, if JPL determines that the facts justify it, a termination settlement proposal may be received and acted on after six months or any extension. If the Subcontractor fails to submit the proposal within the time allowed, JPL may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- (g) Subject to paragraph (f) above, the Subcontractor and JPL may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The Subcontract shall be amended, and the Subcontractor paid the agreed amount.
- (h) If the Subcontractor and JPL fail to agree in whole or in part on the amount to be paid because of the termination of work, JPL shall determine, on the basis of information available, the amount, if any, due the Subcontractor, and shall pay the amount determined as follows:
- (1) If the termination is for the convenience of the Institute, include:
    - (A) An amount for direct labor hours (as defined in the Schedule of the Subcontract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any hourly rate payments already made to the Subcontractor;
    - (B) An amount (computed under the provisions for payment of materials or other direct costs) for material expenses or other direct costs incurred before the effective date of termination, not previously paid to the Subcontractor;
    - (C) An amount for labor and material expenses and other direct costs computed as if the expenses were incurred before the effective date of termination if they are reasonably incurred after the effective date, with the approval of or as directed by JPL; however, the Subcontractor shall discontinue these expenses as rapidly as practicable;
    - (D) If not included in (A), (B), or (C) above, the cost of settling and paying termination settlement proposals under terminated Lower-tier Subcontracts that are properly chargeable to the terminated portion of the Subcontract; and
  - (E) The reasonable costs of settlement of the work terminated, including:

- (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
  - (ii) The termination and settlement of Lower-tier Subcontracts (excluding the amounts of such settlements); and
  - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.
- (2) If the termination is for default of the Subcontractor, include the amounts computed under (1) above but omit:
- (A) Any amount for preparation of the Subcontractor's termination settlement proposal; and
  - (B) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by JPL.
- (i) The cost principles and procedures in Part 31 of the FAR and any corresponding implementing or supplementing provisions in the NFS, in effect on the date of this Subcontract, shall govern all costs claimed, agreed to, or determined under this Article.
- (j) The determination by JPL of the amount, if any, due the Subcontractor by reason of the termination of this Subcontract, as provided in paragraphs (f) or (h) above or paragraph (k) below of this Article, shall not be final and conclusive with regard to the Subcontractor's right to pursue any available legal remedy in the event the Subcontractor disagrees with such determination, provided that, if the Subcontractor has failed to submit its claim within the time provided in paragraph (f) above, and has failed to request an extension of such time, the determination of JPL as to the amount due shall be final and conclusive.
- (k) In arriving at the amount due the Subcontractor under this Article, there shall be deducted:
- (1) All unliquidated advance or other payments to the Subcontractor, under the terminated portion of this Subcontract;
  - (2) Any claim which the Institute has against the Subcontractor under this Subcontract; and
  - (3) The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by the Subcontractor or sold under this Article and not recovered by or credited to the Institute.
- (l) If the termination is partial, the Subcontractor may file with the Institute a proposal for an equitable adjustment of the price(s) for the continued portion of the Subcontract. The Institute shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this Article shall be requested within 90 days from the effective date of termination, unless extended in writing by JPL.
- (m)
- (1) The Institute may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the Subcontract, if the Institute believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
  - (2) If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to the Institute upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid to the Institute. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until 10 days after the date of the retention or disposition, or a later date determined by the Institute because of the circumstances.

#### TIMEKEEPING AND PAYMENTS

[LH/T&M, T&MC – 109/104] [FAR 52.232-7 – 042/072, ALT. I – 023/079]

- (a) General. The Subcontractor shall submit invoices to JPL as indicated in the Schedule and discussed below. Payment to the Subcontractor for hours worked by the Subcontractor employees listed in the Schedule (or Subcontract Work Order) (or if there is no listing of personnel by name in the Schedule, then by personnel of the

classification listed in the Schedule) will be based on the actual hours worked by such personnel in accordance with paragraph (b) below. Reimbursement of the Subcontractor for travel and related expenses or allowances shall be allowable only if stated in the Schedule and shall be subject to the provisions below.

(b) Timekeeping.

- (1) For work to be performed for JPL at a JPL location, the Subcontractor is responsible for accurately tracking and recording the hours and days of the workweek and the hours of the workshift that are worked by its employees. Working time will be calculated in tenth-of-an-hour increments for each full six minutes beginning with the designated or approved shift starting time or the actual starting time, whichever is later. Mealtime deductions shall be appropriately determined by the Subcontractor. The Subcontractor is responsible for establishing a process that monitors its personnel leaving JPL premises during the workday.
- (2) For work performed at a location other than JPL, the Subcontractor is responsible for accurately tracking and recording the hours and days of the workweek and the hours of the work shift that are worked by its employees. Unless otherwise provided for in this Subcontract, the Subcontractor shall maintain timekeeping records in accordance with form JPL 1725, "Minimum Timekeeping Requirements for ~~Time and Material or~~ Labor-Hour Type Procurements to be Performed at Off-Lab Facilities."
- (3) Overtime is defined as work performed in excess of eight hours in one day or forty hours in one workweek or in accordance with applicable State and Federal Laws and Regulations.

(c) Hourly Rate.       

(1) Hourly rate means the rate(s) prescribed in the Subcontract for payment for labor that meets the labor category qualifications of a labor category specified in the Subcontract that are-

(A) Performed by the Subcontractor;

(B) Performed by the Lower-tier Subcontractors; or

(C) Transferred between divisions, subsidiaries, or affiliates of the Subcontractor under a common control.

~~(1)(2)~~ (2) The amounts shall be computed by multiplying the appropriate hourly rates prescribed in the Schedule or Subcontract Work Order by the number of direct labor hours performed. ~~The rates shall include wages, indirect costs, general and administrative expense, and profit.~~ Working time will be calculated in tenth-of-an-hour increments for each full six minutes beginning with the designated or approved shift starting time or the actual starting time. Mealtime deductions will be as determined by the Subcontractor. At the end of the day, working time will not be computed beyond the end of the designated approved shift unless overtime is authorized. Invoices shall be submitted weekly, (unless another interval is specified in the Schedule) to the attention of the JPL ~~Invoice Management~~ Accounting Section. Invoices shall contain the accuracy representation as required by JPL, and shall be submitted by one of the authorized representatives specified in the Schedule. Promptly after receipt of each invoice, the Institute shall, except as otherwise provided in this Subcontract, and subject to the terms of (g) below, pay the invoice as approved by JPL.

(3) The hourly rates shall be paid for all labor performed on the Subcontract that meets the labor qualifications specified in the Subcontract. Labor hours incurred to perform tasks for which labor qualifications were specified in the Subcontract will not be paid to the extent the work is performed by employees that do not meet the qualifications specified in the Subcontract, unless specifically authorized by the Subcontract Manager.

(4) The hourly rates shall include wages, indirect costs, general and administrative expense, and profit. Fractional parts of an hour shall be payable.

~~(2)(5)~~ (5) Unless otherwise prescribed in the Schedule, the Institute shall withhold five percent of the amounts due under this Subcontract, or such other amount that the Institute considers necessary to protect the interest of the Institute and the Government, but the total amount withheld shall not exceed \$50,000. The amounts withheld shall be retained until the execution and delivery of a release by the Subcontractor as provided in paragraph (h) below.

~~(3)(6)~~ (6) Unless the Schedule prescribes otherwise, the hourly rates in the Schedule shall not be varied by virtue of the Subcontractor having performed work on an overtime basis. If the Schedule or Subcontract Work Order provides rates for overtime, the premium portion of those rates will be reimbursable only to the extent the overtime is approved by JPL.

(d) ~~Materials, Lower-tier Subcontracts and Other Direct Costs:~~

~~(ii) Subcontracts for supplies and incidental services for which there is not a labor category specified in the Subcontract;~~

~~(iii) Other direct costs (e.g., incidental services for which there is not a labor category specified in the Subcontract, travel, computer usage charges, etc.); and~~

~~(iv) Applicable indirect costs.~~

~~(2) If the Subcontractor furnishes its own materials that meet the definition of commercial item at FAR 2.101, the price to be paid for such materials shall not exceed the Subcontractor's established catalog or market price, adjusted to reflect the~~

~~(A) Quantities being acquired; and~~

~~(B) Actual cost of any modifications necessary because of Subcontract requirements;~~

~~(3) Except as provided for in paragraph (d)(2) of this Article, JPL will reimburse the Subcontractor for allowable cost of materials provided the Subcontractor-~~

~~(4) Payment for materials is subject to the Allowable Cost and Payment Article of this Subcontract. JPL will determine allowable costs of materials in accordance with Subpart 31.2 of FAR in effect on the date of this Subcontract and any corresponding implementing or supplementing provisions in the NFS.~~

~~(5) The Subcontractor may include allocable indirect costs and other direct costs to the extent they are-~~

~~(A) Comprised only of costs that are clearly excluded from the hourly rate;~~

~~(C) Indirect costs are not applied to Subcontracts that are paid at the hourly rates.~~

~~(6) To the extent able, the Subcontractor shall-~~

~~(B) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Subcontractor shall promptly notify the Subcontracts Manager and give reasons. The Subcontractor shall give credit to JPL for cash and trade discounts, rebates, scrap, commission, and other amounts that have accrued to the benefit of the Subcontractor; or would have accrued except for the fault or negligence of the Subcontractor. The Subcontractor shall not deduct from gross costs the benefits lost without fault or neglect on the part of the Subcontractors or lost through fault of JPL.~~

~~(7) Except as provided for in FAR 31.205-26(e) and (f), JPL will not pay profit or fee to the Subcontractor on materials.~~

~~(1) Allowable costs of direct materials or other direct costs authorized in the Schedule shall be determined by JPL in accordance with Subpart 31.2 of FAR in effect on the date of this Subcontract and any corresponding implementing or supplementing provisions in the NFS. Direct materials, as used in this Article, are those materials that enter directly into the end product, or that are used or consumed directly in connection with the furnishing of the end product. The Subcontractor shall support all material or other direct costs claimed by submitting copies of paid invoices or storeroom requisitions, or by other substantiation acceptable to JPL.~~

~~(2) The Subcontractor may include reasonable and allocable material handling costs in the charge for material to the extent that they are clearly excluded from the hourly rate. Material handling costs are comprised of indirect costs, including when appropriate, general and administrative expense allocated to direct materials in accordance with the Subcontractor's usual accounting practices consistent with Subpart 31.2 of the FAR.~~

~~(3) JPL will reimburse the Subcontractor for supplies and services purchased directly for the Subcontract when the Subcontractor:~~

~~(A) Has made payments of cash, checks, or other forms of payment for these purchased supplies or services; or~~

~~(A) Will make these payments determined due:~~

~~(i) In accordance with the terms and conditions of a Lower-tier Subcontract or invoice; and~~

~~(ii) Ordinarily within 30 days of the submission of the Subcontractor's payment request to JPL.~~

~~(4)(8)~~

(A) JPL will reimburse the Subcontractor for costs of Lower-tier Subcontracts that are authorized under the Lower-tier Subcontracts clause of this Subcontract, provided that the costs are consistent with paragraph ~~(d)(65)~~ of this Article below.

(B) JPL will limit reimbursable costs in connection with Lower-tier Subcontracts to the amounts paid for supplies and services purchased directly for the Subcontract when the Subcontractor has made or will make payments determined due of cash, checks, or other forms of payment to the Lower-tier Subcontractor:

(i) In accordance with the terms and conditions of a Lower-tier Subcontract or invoice; and

(ii) Ordinarily within 30 days of the submission of the Subcontractor's payment request to JPL

(C) JPL will not reimburse the Subcontractor for any costs arising from the letting, administration, or supervision of performance of the Lower-tier Subcontract, if the costs are included in the hourly rates payable under paragraph ~~(c)(24)~~ of this Article above.

~~(5) To the extent able, the Subcontractor shall:~~

~~(A) Obtain materials at the most advantage prices available with due regard to securing prompt delivery of satisfactory materials; and~~

~~(B) Take all cash and trade discounts, rebates, allowances, credits, salvage, commissions, and other benefits. When unable to take advantage of the benefits, the Subcontractor shall promptly notify the JPL Subcontracts Manager and give the reasons. The Subcontractor shall give credit to JPL for cash and trade discounts, rebates, scrap, commissions, and other amounts that have accrued to the benefit of the Subcontractor, or would have accrued except for the fault or neglect of the Subcontractor. The Subcontractor shall not deduct from gross costs the benefits lost without fault or neglect on the part of the Subcontractor, or lost through fault of JPL.~~

~~(6) If the nature of the work to be performed requires the Subcontractor to furnish material that the Subcontractor regularly sells to the general public in the normal course of business, the price to be paid for such material, notwithstanding the other requirements of this paragraph (b), shall be on the basis of an established catalog or list price, in effect when the material is furnished, less all applicable discounts to the Institute, provided that in no event shall such price be in excess of the Subcontractor's sales price to its most favored customer for the same item in like quantity, or the current market price, whichever is lower.~~

(e) Total Cost. It is estimated that the total cost to the Institute for the performance of this Subcontract shall not exceed the ceiling price set forth in the Schedule and the Subcontractor agrees to use its best efforts to perform the work specified in the Schedule and all obligations under this Subcontract within such ceiling price. If at any time the Subcontractor has reason to believe that the hourly rate payments and material costs that will accrue in performing this Subcontract in the next succeeding 30 days, if added to all other payments and costs previously accrued, will exceed ~~875%~~ of the ceiling price in the Schedule, the Subcontractor shall notify JPL, giving a revised estimate of the total price to the Institute for performing this Subcontract with supporting reasons and documentation. If at any time during performance of this Subcontract, the Subcontractor has reason to believe that the total price to the Institute for performing this Subcontract will be substantially greater or less than the

then stated ceiling price, the Subcontractor shall so notify JPL, giving a revised estimate of the total price for performing this Subcontract, with supporting reasons and documentation. If at any time during performance of this Subcontract, the Institute has reason to believe that the work to be required in performing this Subcontract will be substantially greater or less than the stated ceiling price, JPL will so advise the Subcontractor, giving the then revised estimate of the total amount of effort to be required under the Subcontract.

- (f) Ceiling Price. The Institute ~~will shall~~ not be obligated to pay the Subcontractor any amount in excess of the ceiling price in the Schedule, ~~and the Subcontractor shall not be obligated to continue performance if to do so would exceed the ceiling price set forth in the Schedule,~~ unless and until JPL ~~notifies shall have notified~~ the Subcontractor in writing that the ceiling price has been increased and ~~specifies shall have specified~~ in the notice a revised ceiling that shall constitute the ceiling price for performance under this Subcontract. When and to the extent that the ceiling price set forth in the Schedule has been increased, any hours expended and material costs incurred by the Subcontractor in excess of the ceiling price before the increase shall be allowable to the same extent as if the hours expended and material or other direct costs had been incurred after the increase in the ceiling price. Directions, orders, notices, requests and the like issued by JPL pursuant to the "Changes" Article or any other provision of this Subcontract shall not be considered an authorization to the Subcontractor to exceed the ceiling price set forth in the Schedule in the absence of a statement in a Unilateral Modification, or other Subcontract modification, increasing the ceiling price.
- (g) Audit. At any time before final payment under this Subcontract, JPL may audit or have audited the invoices ~~or vouchers~~ and ~~supporting documentation~~ ~~substantiating material~~. Each payment previously made shall be subject to reduction to the extent of amounts, on preceding invoices ~~or vouchers~~, that are found by JPL not to have been properly payable and shall also be subject to reduction for overpayments or to increase for underpayments. Upon receipt and approval of the ~~voucher or~~ invoice designated by the Subcontractor as the ~~"completion voucher" or "completion invoice"~~ and ~~supporting documentation~~ ~~substantiating material~~, and upon compliance by the Subcontractor with all terms of this Subcontract (including, without limitation, terms relating to patents and terms of paragraphs (h) ~~and (i)~~ below), the Institute shall promptly pay any balance due the Subcontractor. The completion invoice ~~or voucher~~, and ~~supporting documentation~~ ~~substantiating material~~, shall be submitted by the Subcontractor as promptly as practicable following completion of the work under this Subcontract, but in no event later than six months (or such longer period as JPL may approve in writing) from the date of completion.
- (h) ~~Assignment and Release of Claims~~. The Subcontractor, and each assignee under an assignment entered into under this Subcontract and in effect at the time of final payment under this Subcontract, shall execute and deliver, at the time of and as a condition precedent to final payment under this Subcontract, a release discharging the Institute, its officers, agents, and employees of and from all liabilities, obligations, and claims arising out of or under this Subcontract, subject only to the following exceptions:
- (1) Specified claims in stated amounts, or in estimated amounts if the amounts are not susceptible of exact statement by the Subcontractor.
  - (2) Claims, together with reasonable incidental expenses, based upon the liabilities of the Subcontractor to third parties arising out of performing this Subcontract, that are not known to the Subcontractor on the date of the execution of the release, and of which the Subcontractor gives notice in writing to JPL not more than six years after the date of the release or the date of any notice to the Subcontractor that the Institute is prepared to make final payment, whichever is earlier.
  - (3) Claims for reimbursement of costs (other than expenses of the Subcontractor by reason of its indemnification of the Institute or the Government against patent liability), including reasonable incidental expenses, incurred by the Subcontractor under the terms of this Subcontract relating to patents.
- (i) Refunds. The Subcontractor agrees that any refunds, rebates, or credits (including any related interest) accruing to or received by the Subcontractor or any assignee, that arise under the materials or other direct costs portion of this Subcontract and for which the Subcontractor has received reimbursement, shall be paid by the Subcontractor to the Institute. The Subcontractor and each assignee, under an assignment entered into under this Subcontract and in effect at the time of final payment under this Subcontract, shall execute and deliver, at the time of and as a condition precedent to final payment under this Subcontract, an assignment to the Institute of such refunds, rebates, or credits (including any interest) in form and substance satisfactory to JPL.
- (j) Interim Payments.

~~Interim payments made prior to the final payment under the Subcontract are Subcontract financing payments. Subcontract financing payments are not subject to the interest penalty provisions of the Prompt Payment Act.~~

Interim payments for Subcontract financing will be made on the 30<sup>th</sup> day after JPL receives a \_\_\_\_\_ proper payment request. In the event that the Institute requires an audit or other review of a specific payment \_\_\_\_\_ request to ensure compliance with the terms and conditions of the Subcontract, JPL is not compelled to make \_\_\_\_\_ payment by the specified due date.

~~(k) If this is a labor-hour Subcontract, the terms of this Article that govern reimbursement for materials furnished are considered to have been deleted.~~

**~~MINIMUM TIMEKEEPING REQUIREMENTS FOR  
LABOR-HOUR TYPE PROCUREMENTS  
TO BE PERFORMED AT OFF-LAB FACILITIES~~**

- ~~A. For individuals operating as independent Subcontractors with no employees and no plans to hire employees, and where the subject JPL Subcontract is the individual's only Subcontract, the Subcontractor must maintain a weekly record of time expended in performance of the JPL Subcontract.~~
- ~~B. For individuals with more than one Subcontract, or Subcontractors who have employees or who are contemplating hiring employees, the following payroll practices apply:~~
- ~~1. Maintain records in compliance with 29 CFR 516.2(a), (b), and (c). (See page 2 of this form.)~~
  - ~~2. Maintain accountability for withholding and payment of all legally required payroll-related liabilities.~~
  - ~~3. Maintain an internal control system that protects the integrity of the payroll system.~~
  - ~~4. Maintain an accounting system that has the capability to segregate labor hours and resultant costs by Subcontract and by job or work order when appropriate.~~
  - ~~5. In accordance with terms of the Article entitled "Timekeeping and Payments" (paragraph (g)) and the Article entitled "Audit and Examination of Records—Negotiation," JPL may make or cause to be made an audit of any or all of the above described records.~~
- ~~C. The above practices do not apply to consultants or second-tier independent Subcontract labor services procured by Subcontractors. Consultants and second-tier independent Subcontractors are not considered to be employees of the Subcontractor. If the Subcontract authorizes such services, these charges must be clearly defined on invoices as consultant, Lower-tier Subcontractor, or other direct charges and not as employees. This distinction must be made on all other applicable Subcontract and Subcontract related documents as well.~~
- ~~D. By acceptance of this Subcontract, the Subcontractor certifies that its timekeeping practices meet JPL requirements.~~

~~This Subcontract with the Jet Propulsion Laboratory (JPL) constitutes a Lower tier Subcontract under a prime contract between the California Institute of Technology and the National Aeronautics and Space Administration (NASA). It is NASA's policy to provide the widest practical dissemination of information on all of its activities. Since 90% of NASA's research and development effort is performed by private industry, Subcontractors and Lower tier Subcontractors have played a large role in this process.~~

~~In accordance with this policy, the Subcontractor may want to issue press releases or plan publicity and advertising from time to time, and the Subcontractor will be expected to respond to queries from information media.~~

~~Close coordination in all of these matters is required, and JPL requires that all materials (e.g., news and photo releases, exhibit copy, motion picture scripts, and advertising copy) directly related to the Subcontractor's work with and for JPL be reviewed by JPL for technical accuracy prior to issuance or use.~~

~~To expedite this review, the Subcontractor shall send the materials to the JPL Institutional Communications Office, mail stop 186-120, stating the Subcontractor's deadlines and referencing this Subcontract number.~~

~~In the event this Subcontract is a cost reimbursement type Subcontract, review by JPL shall not constitute approval for reimbursement of expenditures made in connection with publicity or advertising releases. Any such expenditure remains subject to applicable cost principles. Nothing contained herein shall be deemed to change existing requirements relating to the release of classified information.~~

## Certifications

*(NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.)*

### I. CERTIFICATION OF NONSEGREGATED FACILITIES

(a) "Segregated facilities," as used in this provision, means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees, that are segregated by explicit directive or are in fact segregated on the basis of race, color, religion, or national origin, because of habit, local custom, or otherwise.

(b) By the submission of an offer, the offeror certifies that it does not and will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not and will not permit its employees to perform their services at any location under its control where segregated facilities are maintained. The offeror agrees that a breach of this certification is a violation of the Equal Opportunity clause in the Subcontract.

(c) By submission of the offer, the offeror further agrees that (except where it has obtained identical certifications from proposed Lower tier Subcontractors for specific time periods) it will:

(1) Obtain identical certifications from proposed Lower tier Subcontractors before the award of Lower tier Subcontracts under which the Lower tier Subcontractor will be subject to the Equal Opportunity clause;

(2) Retain such certifications in its files; and

(3) Forward this certification and the following notice to the proposed Lower tier Subcontractors:

#### **NOTICE TO PROSPECTIVE LOWER-TIER SUBCONTRACTORS OF REQUIREMENT FOR CERTIFICATION OF NONSEGREGATED FACILITIES**

A Certificate of Non-segregated Facilities must be submitted before the award of a Lower-tier Subcontract under which the Lower-tier Subcontractor will be subject to the Equal Opportunity clause. The certification may be submitted either for each Lower-tier Subcontractor for all Lower-tier Subcontracts during a period (i.e., quarterly, semi-annually, or annually).

(d) By commencing performance of the Subcontract work, the selected Subcontractor certifies to the Non-segregated Facilities provisions above.

### II. CERTIFICATION OF ANTI-KICKBACK COMPLIANCE

(A Certification of Anti Kickback Compliance must be submitted prior to award.)

By submission of an offer, the offeror certifies that it has read the General Provision entitled "Anti Kickback Procedures," contained in the solicitation and that neither it nor any of its employees has performed or participated in any prohibited actions, as defined in that provision, relating to the award of the Subcontract. By commencing performance of the Subcontract work, the selected Subcontractor certifies to Anti Kickback Compliance.

### III. CERTIFICATION OF AMERICANS WITH DISABILITIES ACT COMPLIANCE

(The Subcontractor represents and certifies the following as part of its offer.)

By submission of an offer, the offeror certifies that it complies with the Americans with Disabilities Act, 42 U.S.C., 12101 et. seq., and will maintain compliance throughout the life of this Subcontract. By commencing performance of the Subcontract work, the selected Subcontractor certifies to the Americans with Disabilities Act compliance.

#### ASBESTOS NOTIFICATION

The Jet Propulsion Laboratory is committed to providing a safe and healthy work environment for all personnel.

In the past several years, the JPL management, working through the JPL Safety Operations Section—Industrial Hygiene and Workers Compensation Group (SOS—IHWC) and the Facilities Division, has had an on-going program of asbestos identification and control. This program has included bulk sampling, air monitoring, and training for members of the Facilities and Maintenance staff.

Through this program, some of the buildings at JPL have been identified to contain friable sprayed-on fireproofing above the ceilings. At the Oak Grove site, these buildings include 167, 168, 169, 179, 180, 183, 186, 230, 238, 264 and 291, and at the Foothill site, buildings 502, 506 and 507. Asbestos may be present in other JPL buildings in other various forms, including, but not limited to: transite, thermal system insulation, roofing products, ceiling tiles, spray-applied acoustical ceiling, wall materials, and floor tiles/linoleum/mastic.

The majority of asbestos at JPL is located in restricted access areas, such as mechanical rooms, boiler rooms and attics. It is in generally good condition and does not pose a hazard during normal operations.

The SOS-IHWC staff has taken numerous air samples in JPL buildings. Sampling results indicate that airborne asbestos levels in the buildings are well below regulatory limits and are lower than those found in industrial workplaces where adverse health effects have been observed. Fiber levels in JPL buildings are not significantly different than fiber levels found outside.

Asbestos-containing materials do not pose a health hazard, unless the fibers become airborne. Subcontractor maintenance/construction/renovation activity involving intentional or accidental contact with friable materials can release fibers; therefore, only authorized and properly trained personnel are permitted to perform work that may disturb asbestos materials.

General written procedures and handling restrictions have been provided to JPL and Subcontractor personnel. SOS-IHWC must be given notification and, if deemed necessary, a written description of any asbestos-related work to be conducted in areas where asbestos may be present prior to the initiation of activities. The work to be performed will determine if these areas must be tested and cleared. SOS-IHWC will review sampling results and documentation after completion of Subcontractor activities prior to occupancy.

Pursuant to the California Health and Safety Code (Chapter 10.4, Section 25915), each employee has the right to review all reports about surveys, bulk sampling and air sampling. These reports are available for review during normal business hours. Contact SOS-IHWC at extension 4-1771 to review these documents or if there are any questions.

## **Notice of Potential Tax Withholding**

Formatted: Right

JPL is legally obligated to withhold federal and/or state income tax from certain contractor and consultant payments when required by law. Withholding may be required under the following circumstances:

### **1. Nonresident Independent Contractor/Consultant State Source Income Tax**

Payments made to California nonresident contractors or consultants, including sole proprietors, corporations, limited liability companies, and partnerships, that do not have a permanent place of business in CA, or that are not registered to do business in California, are subject to a seven percent state income tax withholding for services performed in California. No withholding is required on payments for goods, or for services performed outside California. See State Tax Form 587 (Nonresident Income Allocation Worksheet) and Form 590 (Withholding Exemption Certificate).

### **2. Nonresident (and Resident) Alien Federal Income Tax**

Payments made to nonresident alien contractors/consultants are subject to a thirty percent federal income tax withholding for services performed in the U.S. unless an exception applies. A nonresident alien from a country with an income tax treaty with the United States may be exempt from tax under the Self-employment Article of the treaty if the individual satisfies the conditions of the treaty article. A nonresident alien from a non-treaty country may claim a daily personal exemption amount. Such nonresident aliens who have a U.S. taxpayer identification number (TIN)—either a U.S. Social Security Number or Individual Taxpayer Identification Number—can submit Federal Tax Form 8233 (Exemption From Withholding on Compensation for Independent Personal Services of a Nonresident Alien Individual) to claim a withholding reduction or exemption. No exemption is available for nonresident aliens who lack a TIN. Nonresident aliens not claiming such an exemption should submit Federal Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding). For more information, refer to IRS Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

Resident aliens should complete Federal Form W-9 (Payer's Request for Taxpayer Identification Number and Certification) to submit a U.S. taxpayer identification number. Resident aliens with no U.S. taxpayer identification number will be subject to back-up withholding, currently at a rate of twenty-five percent.

### **3. Federal or State Tax Liens or Levies**

JPL may be required to withhold payments in an amount necessary to satisfy tax liens or levies or judgments duly issued against contractors or consultants by cognizant tax or judicial authorities.

Disclaimer: JPL is not liable for amounts incorrectly withheld. However, if JPL determines that amounts have been incorrectly withheld, and provided that such amounts have not been remitted to tax authorities, JPL shall refund such amounts to the contractor/consultant.
